# PUBLIC WORKS INDEX

January-December 1970 • Volume 101

Month and Page	Month and Page	Month and Page
<b>HIGHWAYS AND STREETS</b>		
<b>Bituminous Pavements</b>	<b>Esthetics and Beautification</b>	<b>Snow and Ice Control</b>
Asphalt Emulsion—Versatile Construction Material ..... Jan.—71	Highway Cross Section Combines Esthetics With Safety ..... Feb.—88	Tungsten Carbide Underbody Blades Reduce Equipment Downtime, Save on Chemicals ..... Jun.—81
Permanent Surfaces Provided at Nominal Cost ..... Apr.—101	Maintenance of Landscaping is Costly ..... Feb.—112	Organizing for Winter Maintenance ..... Aug.—52
“Gussaphalt” or Pourable Asphalt Mixtures ..... Jul.—76	Using Our Acres of Highways Efficiently ..... Apr.—94	Two Day Battle Demonstrates Value of Planning ..... Aug.—58
Paving Mix Contains Salvaged Glass ..... Sep.—74	Indianapolis Conducts a War on Weeds ..... Apr.—104	Laboratory Technique Predicts Nature of Snow Build-Up ..... Aug.—68
Oakland Proves Out Heater-Remix Overlay Method ..... Nov.—70	<b>Finance, Legal and Planning</b>	Records Prove Worth of Sidewalk Plows ..... Aug.—82
<b>Bridges, Culverts and Tunnels</b>	Types of Highways Defined ..... Jan.—30	Rural Townships Meet Winter's Challenge ..... Aug.—87
Underwater Television Aids Bridge Engineers ..... Jun.—84	Highway Management in the '70s ..... Jan.—63	Fighting the City Snow Storm ..... Oct.—62
“Snooper” Aids Wisconsin Bridge Inspection Program ..... Jul.—83	Paving Assessment Formula Stands the Test of Time ..... Jan.—76	How Farmers Can Help Reduce Snow Drifts on Roads ..... Oct.—92
Washed Out Road Reopened Quickly ..... Aug.—84	Operational Cost Accounting Aids Equipment Evaluation ..... Jan.—120	Big Plows Have Big Electrical Requirements ..... Nov.—68
Bridge Demolition Project Reverses Construction Process ..... Aug.—92	Reconciling Public Works Projects and Conservation ..... Mar.—72	
Weathering Steel Helps County Stretch Bridge Funds ..... Sep.—101	Full-Time County Road Commission Looks Ahead ..... Mar.—79	
Peripatetic Bridge Solves Logistical Problem ..... Oct.—106	Color Aerial Photographs Save Tax Dollars ..... Mar.—84	
Parkway Tunnel Undergoes Major Renovation ..... Nov.—80	Cost Control Program for Public Works Equipment ..... Mar.—87	
Pin Money Savings Add Up ..... Nov.—88	Motor Vehicle Travel Increases 4.3 percent ..... Mar.—116	
<b>Concrete Pavements</b>	Using Our Acres of Highways Efficiently ..... Apr.—94	
Searching for a Better Joint Sealant ..... Apr.—103	Performance Budgeting—An Important Management Tool ..... Jul.—60	
Structural Behavior of Rigid Pavements ..... Oct.—60	Looking Ahead into the 1970's ..... Jul.—72	
Cost of Concrete Drops in Idaho ..... Oct.—76	County Finds Total Cost Bidding is Advantageous ..... Sep.—112	
The Problem of Concrete Creep ..... Dec.—56		
<b>Construction Methods</b>	<b>Materials</b>	<b>Stabilized Surface and Base</b>
Embankment Failure Produces Rapid Cooperative Response ..... Feb.—68	Asphalt Emulsion—Versatile Construction Material ..... Jan.—71	Montana Builds Interstate on Cement Treated Base ..... Mar.—92
Linseed Oil Based Compound Used for Curing Concrete ..... Feb.—71	Linseed Oil Based Compound Used for Curing Concrete ..... Feb.—71	Soil Stabilization for More Permanent Foundations ..... Apr.—80
Montana Builds Interstate on Cement Treated Base ..... Mar.—92	Searching for a Better Joint Sealant ..... Apr.—103	Suburban County Has High Standards for Subdivision Streets ..... Jul.—52
An Improved Technique for Anchoring Concrete ..... May—68	“Gussaphalt” or Pourable Asphalt Mixtures ..... Jul.—76	Runway Reconstructed With Native Materials ..... Dec.—70
Suburban County Has High Standards for Subdivision Streets ..... Jul.—52		
Rubber Railroad Crossings Show Promise ..... Aug.—55	Using Discarded Batteries as Aggregate ..... Sep.—98	
Mule Power Precedes Horsepower ..... Oct.—79		
Unique Muck Displacement Method ..... Dec.—42		
Insulating Against Frost Heaves ..... Dec.—78		
<b>Design</b>	<b>Maintenance Plans and Programs</b>	<b>Street Cleaning</b>
Highway Cross Section Combines Esthetics With Safety ..... Feb.—88	Reviving a Street Maintenance Program ..... Feb.—80	Catchbasins Cleaned for \$3.00 Each ..... Aug.—81
Factors Affecting the Engineering of Safety Into Highways ..... Mar.—100	Reflective Cracking Control ..... May—91	Sanitation Program in Richmond ..... Aug.—105
Using Our Acres of Highways Efficiently ..... Apr.—94	The Development of Team Section Maintenance ..... Jun.—98	Regina's Two-Phase Sweeping Program ..... Dec.—58
Hydroplaning and Highway Paving Design ..... May—74	Performance Budgeting—An Important Management Tool ..... Jul.—60	Three Day Cleanup Yields 240 Tons of Debris ..... Dec.—76
Basic Safety Considerations in Residential Street Design ..... Sep.—88	Rubber Railroad Crossings Show Promise ..... Aug.—55	
<b>Drainage</b>	Seal Coating and Overlay Study ..... Sep.—72	
Catchbasins Cleaned for \$3.00 Each ..... Aug.—81	Radio Communications Stretch Highway Dollars ..... Oct.—88	
Washed Out Road Reopened Quickly ..... Aug.—84	Traffic Controls for Maintenance Operations ..... Nov.—54	
<b>Equipment</b>	Explosives Eliminate a Highway Hazard ..... Dec.—49	
Operational Cost Accounting Aids Equipment Evaluation ..... Jan.—120		
Small Department Big on Services ..... Feb.—91		
Full-Time County Road Commission Looks Ahead ..... Mar.—79		
Cost Control Program for Public Works Equipment ..... Mar.—87		
Heavy Equipment Trailer Has Ceremonial Uses ..... Mar.—118		
Midget Transit Mixer Serves City Well ..... Apr.—99		
Computerized Fleet Fueling Promotes Efficiency ..... May—95		
Bigger Stripper Requires Smaller Crew ..... May—108		
Tungsten Carbide Underbody Blades Reduce Equipment Downtime, Save on Chemicals ..... Jun.—81		
Automatic Transmissions Are a Good Investment ..... Aug.—72		
<b>Safety</b>	<b>Traffic Engineering</b>	
Inertial Barrier System Installed ..... Feb.—100	Traffic Signals Visible Only to Selected Drivers ..... Jan.—80	
Safety on the Job Site ..... Mar.—82	Long Beach Traffic Moves Through Planned Signal System ..... Jun.—83	
Factors Affecting the Engineering of Safety Into Highways ..... Mar.—100	Making an Express Corridor More Operational ..... Jun.—124	
Hydroplaning and Highway Paving Design ..... May—74	Raised Reflective Markers Help Rainy- Night Drivers ..... Jul.—88	
Street Design ..... Sep.—88	Anticipating the Need for Future Traffic Signal Installations ..... Sep.—106	
Facts About Highway Fog ..... Oct.—58	The 4-Way Stop: Effective Safety Device ..... Sep.—116	
Breakaway Poles Proved Safer ..... Nov.—46	Do Your Road Improvements Improve the Road? ..... Dec.—45	
Do Your Road Improvements Improve the Road? ..... Dec.—45		
Explosives Eliminate a Highway Hazard ..... Dec.—49		
Pavement Testing: A Safety Aid ..... Dec.—67		
<b>Traffic Operations</b>		
Marking the Thruway: A Major Program ..... Mar.—94		
Computer Will Control Fort Wayne Traffic ..... Jun.—125		
Sign Legends are Changed to Meet Needs ..... Sep.—124		
Electronic Equipment Counts Cars, Measures Speed ..... Nov.—46		
Traffic Controls for Maintenance Operations ..... Nov.—54		
Florida Tests Fail-Safe Traffic Signal ..... Nov.—79		
More Signs Installed at Less Cost ..... Dec.—61		

Month and Page	Month and Page	Month and Page
<b>Turf and Roadside Maintenance</b>		
Indianapolis Conducts a War on Weeds ... Apr.-104	Industrial By-Products May Become Landfill Sealers ..... Jun.-131	New York State Thruway Accomplishes Pure Water Program Objectives ..... Apr.-92
Ecological Considerations May Favor Reduced Mowing ..... Jun.-95	Refuse Collection and Disposal in Detroit ..... Jun.-137	Sewage Treatment for the Mississippi Basin ..... May-59
Management Practices for Improved Highway Roadsides ..... Sep.-108	Mass Glass Container Collection ..... Aug.-50	Nomographic Solution of Heat Requirements for Digesters ..... Jun.-68
Weed Control in Minnesota ..... Dec.-57	Bottle Makers Plan Recycling of Glass Containers ..... Aug.-70	"Clean Water Day" Promises Improved Wastewater Treatment ..... Sep.-84
<b>Surveying Methods</b>		
Color Aerial Photographs Save Tax Dollars ..... Mar.-84	Auto Disposal is Handled by Commercial Operation ..... Nov.-102	Design, Construction and Maintenance of Waste Stabilization Lagoons ..... Sep.-103
<b>REFUSE COLLECTION AND DISPOSAL</b>		
<b>Collection Methods</b>		
Computer Program Cuts Cost of Urban Solid Waste Collection ..... Jan.-60	SEWERAGE AND SEWAGE TREATMENT	Computer Design of Sewage Treatment Plants ..... Nov.-51
Computerized Refuse Collection ..... Apr.-88	<b>Finance, Legal and Planning</b>	
Collection Trains Serve Florida City ..... Aug.-100	Metro Government Spurs Water and Sewerage Improvements ..... Jan.-69	Treating Oil Bearing Wastes ..... Feb.-72
Sanitation Program in Richmond ..... Aug.-105	Sewerage Authority Solves the "Credit Crunch" ..... Jan.-74	Animal Waste Treatment Research ..... Feb.-128
Survey Reveals Trends in the Use of Disposable Refuse Bags ..... Sep.-86	Small Department Big on Services ..... Feb.-91	Waste Water Treatment With a Profit Potential ..... Apr.-82
Refuse Packer Serves Highway Rest Areas ..... Nov.-77	WPCF Issues Statement on Pollution Control ..... Feb.-118	Trends in Water Use ..... Apr.-85
<b>Sanitary Fill</b>		
Refuse Disposal Features Assembly-Line Operation ..... Jan.-106	How Aerial Photographs Can Identify and Measure Pollutants ..... Mar.-68	Control of Oil Pollution ..... May-59
Sanitary Landfill Planning, Design and Operation ..... Feb.-63	Economics of Regional Sewerage Systems ..... Apr.-76	Waste Water Treatment for G. E. Park East ..... Jul.-114
From Dump to Fill to Recreational Site ..... Feb.-114	Trends in Water Use ..... Apr.-85	\$3.75 Million to Clean Dye Plant Wastes ..... Jul.-120
Advice on Fighting Dump Fire Hard to Find ..... Mar.-91	Detroit's Water Pollution Program Will Aid Great Lakes Clean-Up ..... May-58	Investment in Pollution Control ..... Aug.-49
Recreational Hills from Refuse ..... Mar.-120	Steps to Success in Water Pollution Control ..... May-62	Poultry Processing No Longer a Sewerage System Problem ..... Aug.-114
Gas Explosion Hazards in Sanitary Landfills ..... May-76	Building Boom Prompts Better Sewerage ..... May-82	Skimmer Removes Oil from Water Surface ..... Sep.-134
Solid Wastes Promote Cultural Program ..... Jul.-74	Tualatin Basin Plan Implemented ..... Jul.-54	Water Pollution from Oil Spills Can be Prevented ..... Nov.-53
Rocky Mount Opens Second Sanitary Landfill ..... Aug.-76	Storm Sewer Assessments—The Des Moines Plan ..... Aug.-62	
Soil Studies Help Develop Trouble-Free Landfill ..... Oct.-85	"Clean Water Day" Promises Improved Wastewater Treatment ..... Sep.-84	
A Gas Control and Monitoring System ..... Dec.-39	Grown-Up Company Town Copes with Pollution Problems ..... Sep.-99	
"Sanitary Landfill"—A Misleading Name ..... Dec.-72	Lake Erie Pollution Abatement Programs ..... Sep.-140	
<b>Incineration</b>		
A New Approach to the Management of Solid Wastes ..... May-89	Cost of Municipal Waste Water Reuse Studied ..... Nov.-100	
The Capabilities and Limitations of Current Incinerator Designs ..... Jul.-57		
Amsterdam's Automated Incinerator ..... Aug.-67		
Incinerator Demonstration Program ..... Aug.-90		
Incineration with Guaranteed Top-Level Performance ..... Sep.-92		
<b>Other Disposal Methods</b>		
Large Elevation Landfilling for Refuse Disposal ..... Jan.-92		
Effect of Refuse Milling on Fly Population ..... Jun.-88		
Manufacturers Sponsor Plastics Disposal Study ..... Jun.-94		
New Uses Seen for Waste Glass ..... Jun.-125		
Chicago Looks to Refuse Grinding ..... Sep.-82		
Using Discarded Batteries as Aggregate ..... Sep.-98		
Recycling Old Tires Without Environmental Pollution ..... Sep.-100		
The Case for Pulverization of Solid Wastes ..... Oct.-82		
Mulch Made from Solid Wastes ..... Oct.-120		
Recycling May Mean Trash for Sale ..... Nov.-81		
Converting Solid Wastes to Oil ..... Nov.-105		
Solid Wastes Reclamation Plant ..... Dec.-38		
Landfill Compactor-Loader Aids Urban Renewal Demolition ..... Dec.-88		
<b>Wastes Management</b>		
Population Density vs. Per Capita Solid Waste Production ..... Feb.-86		
How Much Roadside Litter? ..... Mar.-28		
Solid Waste Problems in Large County Buildings ..... Mar.-90		
Junked Cars Plague Urban County ..... Mar.-101		
Definitions of Solid Waste Terms ..... Mar.-126		
Master Plan for Solid Waste Disposal in the New Orleans Area ..... Apr.-108		
Disposal of Diseased Elm Trees ..... Apr.-134		
A New Approach to the Management of Solid Wastes ..... May-89		
Industrial By-Products May Become Landfill Sealers ..... Jun.-131		
Refuse Collection and Disposal in Detroit ..... Jun.-137		
Mass Glass Container Collection ..... Aug.-50		
Bottle Makers Plan Recycling of Glass Containers ..... Aug.-70		
Auto Disposal is Handled by Commercial Operation ..... Nov.-102		
<b>SEWERAGE AND SEWAGE TREATMENT</b>		
<b>Finance, Legal and Planning</b>		
Metro Government Spurs Water and Sewerage Improvements ..... Jan.-69		
Sewerage Authority Solves the "Credit Crunch" ..... Jan.-74		
Small Department Big on Services ..... Feb.-91		
WPCF Issues Statement on Pollution Control ..... Feb.-118		
How Aerial Photographs Can Identify and Measure Pollutants ..... Mar.-68		
Economics of Regional Sewerage Systems ..... Apr.-76		
Trends in Water Use ..... Apr.-85		
Detroit's Water Pollution Program Will Aid Great Lakes Clean-Up ..... May-58		
Steps to Success in Water Pollution Control ..... May-62		
Building Boom Prompts Better Sewerage ..... May-82		
Tualatin Basin Plan Implemented ..... Jul.-54		
Storm Sewer Assessments—The Des Moines Plan ..... Aug.-62		
"Clean Water Day" Promises Improved Wastewater Treatment ..... Sep.-84		
Grown-Up Company Town Copes with Pollution Problems ..... Sep.-99		
Lake Erie Pollution Abatement Programs ..... Sep.-140		
Cost of Municipal Waste Water Reuse Studied ..... Nov.-100		
<b>Sewer Systems—Construction</b>		
"Mole" Keeps Traffic on the Move ..... Feb.-82		
Island City Solves Tough Sewerage Problem ..... Feb.-95		
Deep Outfall Line to Protect Bay Waters ..... Mar.-102		
Truck-to-Trench Pipe Laying Job ..... Apr.-128		
Jacking a Sewer Under an Interstate Highway ..... May-97		
Bridge Carries Utility Lines Across River ..... Jul.-112		
<b>Sewer Systems—Design</b>		
Economics of Regional Sewerage Systems ..... Apr.-76		
Steps to Success in Water Pollution Control ..... May-62		
Building Boom Prompts Better Sewerage ..... May-82		
Sewer Design and Cost Estimation by Computer ..... Jun.-90		
Sewerage Practice in the Gulf Coast Area ..... Aug.-71		
Sanitary Sewer Design for Hydrogen Sulfide Control ..... Oct.-93		
Alaskan Sewer Lines Wear Isofoam Coat ..... Oct.-114		
<b>Sewer Systems—Maintenance</b>		
The First Thing First is Preventive Maintenance ..... Jan.-79		
Plastic Liner Repairs Leaking Sewer ..... Jun.-85		
Safety Program Yields Six-Figure Saving ..... Dec.-40		
Faulty Lateral Connection Creates Hazardous Condition ..... Dec.-62		
<b>Sewage Pumping</b>		
World's Largest Factory-Built Lift Station ..... Jun.-126		
<b>Storm Drainage</b>		
Low Cost Storm Drainage with Paved Channels ..... Apr.-110		
Multi-Plate Design for Spans to 40 feet ..... Apr.-116		
Flood Control Promises Major Benefits ..... Jun.-67		
Storm Sewer Assessments—The Des Moines Plan ..... Aug.-62		
<b>Seawage Treatment—Design</b>		
Twelve Years' Experience With Wastewater Lagoons ..... Feb.-78		
<b>Sewage Treatment—Industrial Wastes</b>		
Treating Oil Bearing Wastes ..... Feb.-72		
Animal Waste Treatment Research ..... Feb.-128		
Waste Water Treatment With a Profit Potential ..... Apr.-82		
Trends in Water Use ..... Apr.-85		
Control of Oil Pollution ..... May-59		
Waste Water Treatment for G. E. Park East ..... Jul.-114		
\$3.75 Million to Clean Dye Plant Wastes ..... Jul.-120		
Investment in Pollution Control ..... Aug.-49		
Poultry Processing No Longer a Sewerage System Problem ..... Aug.-114		
Sludge Barging to Sea ..... Apr.-64		
New York State Thruway Accomplishes Pure Water Program Objectives ..... Apr.-92		
Steps to Success in Water Pollution Control ..... May-62		
Coatings Resist Acid Attack ..... May-124		
High Degree of Treatment for Maryland Waste Water Plant ..... Jun.-80		
Experience with Aerated Stabilization Fonds ..... Jun.-100		
Design, Construction and Maintenance of Waste Stabilization Lagoons ..... Sep.-103		
The Operation of Wastewater Treatment Plants — Part I ..... Oct.-66		
The Operation of Wastewater Treatment Plants — Part II ..... Nov.-56		
Safety Program Yields Six-Figure Saving ..... Dec.-40		
The Operation of Wastewater Treatment Plants — Part III ..... Dec.-50		
<b>Treatment Methods and Research</b>		
Anaerobic Digestion of Thickened Sludge ..... Feb.-73		
Influence of Waste Paper on Aerobic Sludge Digestion ..... Mar.-80		
Tertiary Treatment by Microstrainer ..... Mar.-137		
Some Fish Like Warm Water ..... Apr.-66		
Experience with Aerated Stabilization Fonds ..... Jun.-100		
Phosphorus Removal by pH Controlled Lime Dosage ..... Jul.-63		
Package Plant Uses Rotating Disc Process ..... Jul.-96		
Advanced Waste Treatment Package Plants ..... Jul.-114		
Test Plant for Controlled Nitrification ..... Sep.-72		
Oxygen Used in Activated Sludge Process ..... Oct.-58		
Water Pollution from Oil Spills Can Be Prevented ..... Nov.-53		
Water Re-Used on Pikes Peak ..... Nov.-83		
<b>Instrumentation</b>		
Detection and Control of Hydrogen Polysulfide in Water ..... Sep.-113		
Phosphate Removal by pH Controlled Lime Dosage ..... Jul.-63		
<b>WATER SUPPLY AND PURIFICATION</b>		
<b>Finance, Legal and Planning</b>		
Metro Government Spurs Water and Sewerage Improvements ..... Jan.-69		
Nationwide Survey Studies Water Utility Metering and Billing Practices ..... Feb.-84		
Small Department Big on Services ..... Feb.-91		
Chicago Water Supply Plans for the Future ..... Apr.-136		

Month and Page	Month and Page				
Water District Organized to Serve Growing Area	Jul.-55	Research in Residual Chlorine Determination	Jul.-56	Common Violations of Municipal Code Re Plumbing and Water Installations	Jun.-142
Two Irrigation Districts Build Filtration Plant as a Joint Project	Jul.-80	Water Desalting Costs	Aug.-117	Training Technicians in Environmental Health	Oct.-97
Water Quality Standards for Iowa	Jul.-111	AWWA Research Foundation Expands Sludge Disposal Study	Sep.-148	<b>CIVIL DEFENSE AND EMERGENCIES</b>	
Antiquated Water Supply Gives Way to Modern System	Aug.-60	New System for Desalting Water	Nov.-78	Embankment Failure Produces Rapid Cooperative Response	Feb.-168
Automatic Meter Reading-Billing Via Telephone Lines	Aug.-108	Major Desalting Processes	Dec.-100	"Sea Skirt" Designed to Contain Oil Pollution	Feb.-108
Customer Relations Improved by Computer	Nov.-94	<b>Water Supply and Sources</b>		Emergency Raw Water Intake Repair	Mar.-86
<b>Water Pumping</b>		Improving Techniques for Simulating Groundwater Flow	Jan.-30	Control of Oil Pollution	May-59
A Unique Automatic Water Pumping Station	Oct.-64	Iron Occurrence in Ground Water Correlated with Dissolved Oxygen	Feb.-60	New Emergency Plan Centers on Improved Communications	Jun.-64
Pump Station Features Piping Flexibility	Dec.-94	Water Treatment for Las Vegas Valley	Mar.-96	Earthquake Risk and Hazard Analysis	Jun.-137
<b>Reservoirs and Tanks</b>		Innovations Help Driftwood Barrier Replacement	Aug.-85	May Modify Building Code	Aug.-48
Reservoir Roof of Pressure-Treated Wood	Jan.-112	Rehabilitating Ogden's Water System	Oct.-90	Tornado-Stricken City Yields Lessons for Better Building Practices	Aug.-67
Giving New Life to a 50-Year-Old Reservoir	Apr.-106	The Case of the Disappearing Water Supply	Dec.-44	Propane Powered Civil Defense Sirens Are Dependable	Nov.-67
Tank Interior Metalized for Protection	Apr.-138	"Hot and Cold Running Tea"	Dec.-60	Faulty Lateral Connection Creates Hazardous Condition	Dec.-62
Sediment Accumulation in Water Storage Structures	Apr.-146	<b>ADMINISTRATION AND PLANNING</b>		<b>RECREATIONAL FACILITIES</b>	
Antiquated Water Supply Gives Way to Modern System	Aug.-60	Highway Management in the '70s	Jan.-63	Recreational Hills from Refuse	Mar.-120
Steel Water Tanks Win Beauty Prizes	Sep.-144	Paving Assessment Formula Stands the Test of Time	Jan.-76	New Irrigation Concept for Denver Parks	Jul.-62
Filtered Air Supports Reservoir Cover	Oct.-122	Laying the Groundwork for Successful Labor-Management Negotiations	Jan.-86	Solid Wastes Promote Cultural Program Replacement	Jul.-74
The Case of the Disappearing Water Supply	Dec.-44	Reconciling Public Works Projects and Conservation	Mar.-72	Innovations Help Driftwood Barrier	Aug.-85
<b>Supply Lines and Distribution</b>		Public Relations in Public Works	Apr.-90	Mini-Parks Meet Neighborhood Needs	Oct.-80
Safeguarding Water Quality for a Convention	Jan.-115	Management and Engineers in Government	Apr.-126	<b>URBAN TRANSPORTATION</b>	
Emergency Raw Water Intake Repair	Mar.-86	Regional Program for Municipal Employee Training	May-92	Maryland's Suburban Station for the Metroliner	May-79
Water System Uses Plastic Pipe	May-58	Compulsory Arbitration Under State Statutes	May-94	Looking Ahead into the 1970's	Jul.-72
Metro Toronto Adds a Fourth Water Treatment Plant	May-86	Intergovernmental Cooperative Purchasing	Jul.-50	Air-Cushion Transit in Los Angeles	Nov.-46
Ten-Foot High Wall for Concrete Pipe Line	Jun.-108	Program Budgeting: Concept, Problems and Promises	Aug.-56	<b>GENERAL AND MISCELLANEOUS</b>	
Bridge Carries Utility Lines Across River	Jul.-112	Bringing New Talent to City Hall	Nov.-76	Paving Block Plaza Traces Street Evolution	Jan.-82
Pipeline Carries Water Across Grand Canyon	Sep.-102	<b>AIRPORTS</b>		National Flood Insurance	Feb.-56
Transmission Main Long Time Coming	Oct.-60	Insulated Taxiways for Anchorage Airport	Jun.-87	The Civil Engineering Student Views Public Works	Mar.-76
Rehabilitating Ogden's Water System	Oct.-90	Runway Reconstructed With Native Materials	Dec.-70	Arizona Highway Department Digs for Prehistoric Relics	May-84
Bead Blasting Reconditions Old Water Meters	Nov.-66	<b>BUILDINGS AND SERVICE CENTERS</b>		Renewal is a Valid Term in Boston	Jul.-70
Safety Program Yields Six-Figure Saving	Dec.-40	Municipal Garage Location Poses Problems	Jan.-89	New Center for Water and Waste Treatment Research	Jul.-104
Expanded Water System Will Meet Growing Needs	Dec.-66	Rapid Growth Requires a New Service Center	Apr.-102	Boat Pollution Control in the Northeast	Aug.-106
<b>Water Treatment—Design and Operation</b>		<b>DAMS AND FLOOD CONTROL</b>		Concrete Pipe Section Becomes Display Center	Sep.-119
Water Needs Met by High-Rate Sedimentation and Filtration	Jan.-65	Flood Control Promises Major Benefits	Jun.-67	Fish Shocker Has Safety Feature	Sep.-148
Iron Removal System Cures Red Water Problem	Jan.-91	<b>INSECT AND RODENT CONTROL</b>		Training Technicians in Environmental Health	Oct.-97
Water Treatment for Las Vegas Valley	Mar.-96	Aerial Spraying Combats Mosquito-Borne Epidemic	Feb.-66	Apprentice Program Provides for Construction Industry	Oct.-98
Water Source Permits Diatomite Filtration	May-71	Effect of Refuse Milling on Fly Population	Jun.-88	The Highway Research Board: Major Talent Pool	Dec.-64
Field Tests Verify Torque Rating Claims	May-16	A Pesticide Use Survey in Urban Households	Jun.-136	Facts About Traffic Noise	Dec.-86
Water Filtration Through Deep Granular Media	Jun.-70	Rat Sterilizing Agent	Jul.-111	Fabric Igloo Protects Workers During Cold Weather	Dec.-97
Evaluation Shows Diatomite Filter Most Efficient	Jul.-68	Community Rat Control Programs	Aug.-48	<b>AIR POLLUTION CONTROL</b>	
Two Irrigation Districts Build Filtration Plant as a Joint Project	Jul.-80	Jersey Mosquitos Subdued in Bergen County	Nov.-72	Some Facts About Diesel Fumes	Jul.-101
Filter Control By Suspended Solids Determination	Aug.-74	Rodent Control in England	Dec.-38	Investment in Pollution Control	Aug.-49
Treatment Plant Wears Rubber Coat	Oct.-84	<b>PUBLIC HEALTH</b>		Incineration with Guaranteed Top-Level Performance	Sep.-92
Rehabilitating Ogden's Water System	Oct.-90	Aerial Spraying Combats Mosquito-Borne Epidemic	Feb.-66	Air Pollution: Causes, Effects and Resolution	Oct.-86
Package Plant Overcomes Water Shortage	Nov.-74	Cross-Connection Survey in Milwaukee	Mar.-28	To Install Large Power Plant Scrubber Air Units	Oct.-126
Safety Program Yields Six-Figure Saving	Dec.-40	Malaria in the United States	Mar.-30	<b>ABOUT OUR COVER</b>	
Chicago's Water Quality Problems	Dec.-96	<b>INSECT AND RODENT CONTROL</b>		Joseph R. Coupal, Jr.	Jan.-1 & 18
<b>Instrumentation</b>		Aerial Spraying Combats Mosquito-Borne Epidemic	Feb.-66	Gilbert M. Schuster	Feb.-1 & 18
Metro Toronto Adds a Fourth Water Treatment Plant	May-86	Cross-Connection Survey in Milwaukee	Mar.-28	Paul D. Haney	Mar.-1 & 18
British Practice in the Examination of Water	Aug.-78	Malaria in the United States	Mar.-30	Timothy J. O'Leary	Apr.-1 & 16
A Unique Automatic Water Pumping Station	Oct.-64	<b>PUBLIC HEALTH</b>		John H. Marburger, Jr.	May-1 & 18
<b>Treatment Methods and Research</b>		Aerial Spraying Combats Mosquito-Borne Epidemic	Feb.-66	Henry J. Ongerth	Jun.-1 & 18
Iron Removal System Cures Red Water Problem	Jan.-91	Cross-Connection Survey in Milwaukee	Mar.-28	Charles E. Ash	Jul.-1 & 18
Iron Occurrence in Ground Water Correlated with Dissolved Oxygen	Feb.-60	Malaria in the United States	Mar.-30	Milton Pikarsky	Aug.-1 & 16
Brackish Water Desalting Plant Opens	Mar.-128	<b>INSECT AND RODENT CONTROL</b>		Russell L. Culp	Sep.-1 & 18
Water Filtration Through Deep Granular Media	Jun.-70	Aerial Spraying Combats Mosquito-Borne Epidemic	Feb.-66	John A. Bruce	Oct.-1 & 18
<b>Month and Page</b>		Cross-Connection Survey in Milwaukee	Mar.-28	W. N. Carey, Jr.	Nov.-1 & 18
<b>Month and Page</b>		Malaria in the United States	Mar.-30	<b>Month and Page</b>	

## LEGAL ASPECTS OF PUBLIC WORKS

	Month and Page
Litter Barrels and the Attractive Nuisance Doctrine	Jan.-56
Florida's "Government in the Sunshine Law"	Jan.-56
Building Officials Alleged Negligent	Jan.-56
Utility Required To Move Conduits	Jan.-56
Pedestrian Injured In Street Construction Area	Feb.-126
Storm Sewer Constructed in Drainage Ditch Easement	Feb.-126
Water Plant Employee Alleges Lung Damage	Feb.-126
Weights and Measures Ordinance Upheld	Feb.-126
Pending Litigation Causes Rejection of Low Bid	Mar.-140
Public Convention Hall Statute Held Invalid	Mar.-140
"Mere Slipperiness" vs. Sidewalk Defects	Mar.-140
pH Limitations for Wastewater Discharge	Apr.-148
Liability for Sidewalk Defect in Public Park	Apr.-148
Municipal Off-Street Parking Facilities	Apr.-148
Liability for Lighting At Street Intersection	Apr.-148
Court Rules on Trivial Sidewalk Defects	May-136
Southern Standard Housing Code Upheld	May-136
Liquidated vs. Actual Damages on Bid Bond	May-136
Exclusive Franchise For Garbage Removal	May-136
State Changes Sovereign Immunity Doctrine	Jun.-56
Defective Traffic Control Lights	Jun.-56
City Held Liable For Dump Operation By Independent Contractor	Jun.-56
Airspace Held Eligible For Urban Renewal Development	Jun.-56
Notice Required Before Suit Against City	Jul.-116
Overhanging Tree Limb May Constitute Street Defect	Jul.-116
Sewer Construction Held To Be A Governmental Function	Jul.-116
Street Widening Held No Benefit In Residential Area	Aug.-122
Protruding Stop Box Causes Pedestrian Fall	Aug.-122
Water and Sewer Service Outside City Limits	Aug.-122
Hourly Rate Contract For Pruning Parkway Trees	Aug.-122
Immunity Not Waived By Liability Insurance Purchase	Sep.-154
Financing of Public Parking Facilities	Sep.-154
Sewerage District Organization Upheld in Wisconsin	Sep.-154
Incinerator Operation And Air Pollution	Oct.-132
Statutory Requirements For Sewer Connections	Oct.-132
Sidewalk Fall Outside City's Right-of-Way	Oct.-132
Apartments Excluded From Refuse Collection Service	Oct.-132
Negligence Not Proven In Manhole Cover Accident	Oct.-132
Fall on Storm Drain Catch Basin Cover	Nov.-110
Garbage Collection Ordinance: Apartments vs. Condominiums	Nov.-110
Sidewalk Defect Held Trivial	Nov.-110
Drainage Ditch Causes Flood Damage	Nov.-110
Industrial Development Act Held Constitutional	Nov.-110
Installation of Guard Rail Posts Held Proprietary Function	Dec.-102
Sewer District and City Litigate Liability	Dec.-102
Manhole Cover Causes Electrocution	Dec.-102
